To Whom It May Concern:

Re: Accreditation of GOAL Academy

GOAL Academy is a public charter school authorized by the Falcon 49 School District through June 30, 2018. Further, the school has been approved by the Colorado Department of Education's Online Division to operate a multi-district online school.

As a public school district, the Falcon School District has statutory authority via 22-30.5-101 *et seq.*, C.R.S. to enter into a charter contract with an entity such as GOAL Academy. The school district is accredited by the Colorado Board of Education and has the statutory authority to accredit public schools it operates or charters. GOAL Academy is one of five charter schools authorized by the Falcon School District and all of the charter schools are accredited in good standing.

Should any questions arise about the accreditation process or the current status of any Falcon schools, please contact me.

Sincerely,

Kim McClelland  
Asst. Superintendent for the iConnect Zone

Good Afternoon Jerzy,

Attached and below are the answers to your requests.

#### I. Eligibility of the Entities

##### *Issue*

Based on the documentation received in your prior responses for your Funding Year 2013 FCC Form 471 applications 884992, 884959, 885007, 885008, 885004 and 884974, it appears that the Billed Entity, Goal Academy – entity #16050459, is an online/cyber school. It does not appear that the students attending Goal Academy are receiving educational instruction on the premise of an eligible school or library. Your website indicates GOAL (Guided Online Academic Learning) Academy is an online high school program which has satellite locations and drop-in centers, neither of which include traditional classrooms.

Program rules do not allow for products or services to be provided to residential homes or for a non-school/non-library building. An eligible entity providing classroom instruction must meet the statutory definition of an elementary or a

secondary school found in the No Child Left Behind Act of 2001 (20 U.S.C. Section 7801 (18) and (38)) which is not operating as a for-profit business, and does not have an endowment exceeding \$50 million.

### Questions

To assist us in the review of your application, we need the following information on a school letterhead signed by a chief school official (such as the Principal, Vice Principal, Superintendent, etc.):

1. Does the entity mentioned above provide remote access or services to a non-school, non-library or non-instructional facility location? ☐ Yes ☒ No  
  1. If **Yes**, please indicate so in writing.
  2. If **No**, do you agree that the products or services for which you seek discounts either will not be used to provide remote access during the funding year or, if the services are to be used remotely, you will take steps to ensure that only entities eligible for support under the Schools and Libraries Program have the capability to access them. Access to these services will not be available from homes or other non-school, non-library, or non-instructional sites. ☐ Yes ☒ No Because it is a wireless system, we have the students work from a school location to complete all work, but if for some reason the student does not complete the assignment or choose to do extra, they have the ability to access the system from home. As stated earlier, USAC has accepted a 42% reduction in the service amount cost to compensate for the possibility of students that may use it from home. With this said, we use the eligible services 58% of the time from the school location. The students have to document use of the wireless system to ensure that they are only using it for educational proposes.
1. Based on your school website, Goal Academy is an online high school program. Please provide a detailed description of this online high school program as well as documentation that will verify that the entity listed above meets the statutory definition provided above of an elementary or secondary school. Attached (GOAL 3rd party Verif 2012) is a 3rd party verification from the Colorado Department of Education. Also attached (GOAL Accreditation 2013) is a letter of accreditation from the Chartering District.
1. In a prior response, you had stated that "Goal academy does not provide remote access or service to non-school locations, but the device the students use do have that ability." Please answer the following questions in relation to this statement.
2. Where are the students physically located when they are using the E-rate requested products and services. The students are located in a brick and mortar classroom at a specific location, one of the satellite locations listed below. We know that the devices they are using can access the eligible services from a non eligible site. It was determined over the last three years, that for these devices, the E-rate eligibility is reduces by 42% to take in consideration if the students would happen to use it from a non-eligible location.
3. If the students use them from multiple locations, please list them all. The students use them officially from the local school, as listed in the spread sheet below. Because they are wireless units the school cannot control if they choose to do additional work from home. This is why, again, we have reduce the eligibility by 42%.
4. Please provide documentation to support your answer, such as a document that explains how students take classes in the online/cyber school listed above. Attached (GOAL School Status PIA 2013) is a letter from the CEO explaining the use of classes. The school has also included some pictures of students at some of the school sites.

## II. Eligibility of the Entities

*Issue*

Based on the documentation received in your prior responses for your Funding Year **2013** FCC Form 471 applications **884992, 884959, 885007, 885008, 885004 and 884974**, it appears that the entities listed below are drop-in centers. It does not appear that the students attending Goal Academy are receiving educational instruction on the premise of an eligible school or library. Your website indicates GOAL (Guided Online Academic Learning) Academy is an online high school program which has satellite locations and drop-in centers, neither of which include traditional classrooms.

Program rules require that an eligible entity providing classroom instruction must meet the statutory definition of an elementary or a secondary school found in the No Child Left Behind Act of 2001 (20 U.S.C. Section 7801 (18) and (38)) which is not operating as a for-profit business, and does not have an endowment exceeding \$50 million.

Listed below are the online/cyber school entities:

Entity Name	Entity Number	Physical Address	Name of Eligible School or Library of Physical Address?
GOAL ACADEMY ALAMOSA	16066606	632 Main St. Alamosa, CO 81101	GOAL ACADEMY ALAMOSA

### Questions

To assist us in the review of your application, we need the following information on a school letterhead signed by a chief school official (such as the Principal, Vice Principal, Superintendent, etc.):

1. Your school website states that each drop-in center "is designed as a place for students, parents, and learning teams to meet as necessary. It is not a requirement for students to report to the site". Please confirm if the entities listed above are recognized as schools by the state of Colorado? XXX Yes        No
  1. If **Yes**, please provide a detailed description of these entities as well as documentation that will verify that each of the entities listed above meet the statutory definition of an elementary or secondary school and are recognized as schools by the state of Colorado. Attached ( GOAL Confirm school Falcon 49 E-rate 9.12.13 y 16) is a letter from Falcon School District, chartering School District. I have also included letter of verification from the State of Colorado from 2012. Attached (GOAL School Status PIA 2013) is a letter from the CEO explaining the use of classes.
  2. If **No**, please indicate so in writing.

1. Based on your documentation, the entities listed above have a physical address listed. Are these physical addresses for the location of an eligible school or library? XX Yes        No
2. If **Yes**, please provide the name of the eligible school or library location for each physical address listed above.

Entity Name	Entity Number	Physical Address	Name of Eligible School or Library of Physical Address?
GOAL ACADEMY ALAMOSA	16066606	632 Main St. Alamosa, CO 81101	GOAL ACADEMY ALAMOSA
